# The Logical Communication Skill

©collaboyouLLP2014

# Why important?

---

1

## To tell your ideas exactly.

It is difficult to tell what you want to say to people who have different background. But you need to communicate various people when working.

2

## To make your dream come true.

When you create new things, you need partners to make it together. To find partners, you need the skill.

# About the test

---

## How to take the test?

- Web test  
(URL will be informed to students who pass application screening)
- 50 minutes
- Only one time
- 10<sup>th</sup>- 16<sup>th</sup> November

## How to get the result?

- By e-mail
- The latest on 5<sup>th</sup> December

# Agendas

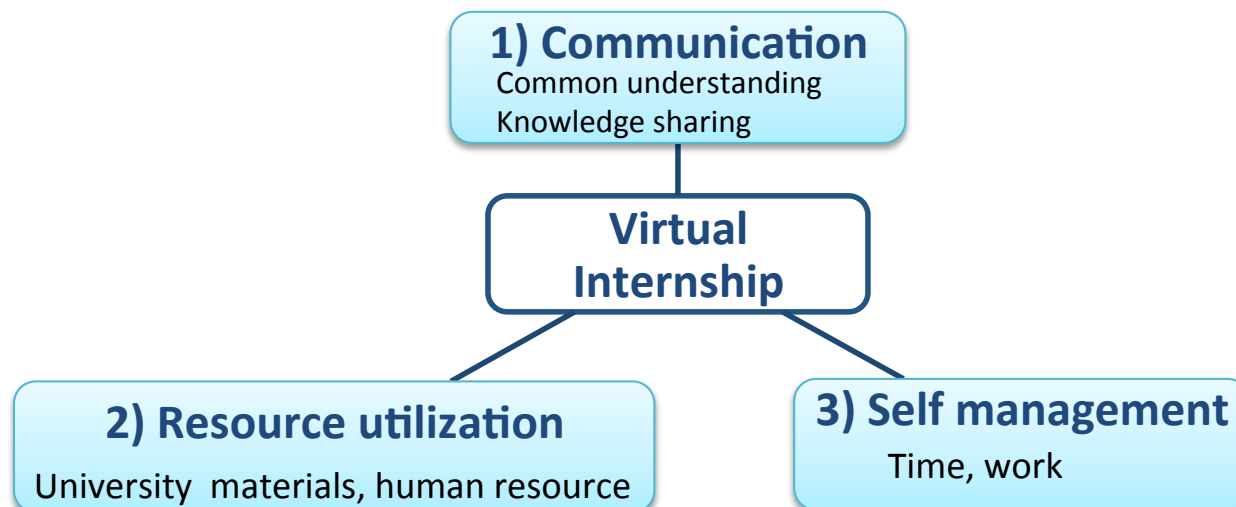

- **Introduction of internship**
