

# Preservation of Cultural Heritage in Bagan

**GROUP 1**  
**MYAT THIRI KHINE, MONAMI OSAKO,**  
**CHIEKO ITO, YUTA ISHII, ERI OKAWA**

**ABOUT BAGAN REGION**

- Bagan has a long history
- Bagan attracts lot of tourists
- Earthquake attacked on August, 2016.

**OBJECTIVE of OUR PROJECT**

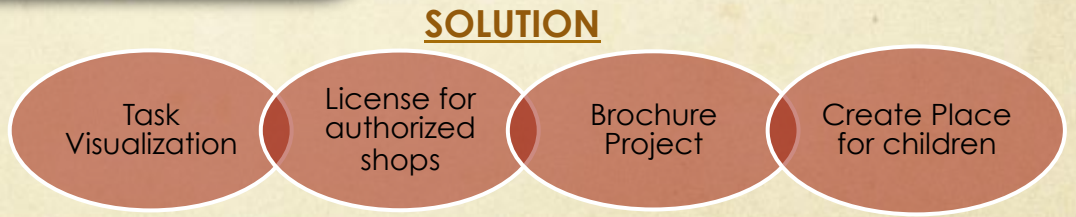

1. Analyze damage of earthquake
2. Investigate illegal dumping & settlement
3. Detect uncovered Pagoda and temples
4. Investigate number of child labor

**FACT**

- 1. Damages**
  - Earthquake
  - Bats
  - Climates
- 2. Issue of Tourism**
  - Religious Taboos
  - Illegal Dumping
  - Transportation
  - Public Indication
  - Graffiti
- 3. Life of Local people**
  - Labor Children
  - Souvenir Shops
  - Guardians of pagoda

**ANALYSIS**

- Non visualized task and incomplete reconstruction
- Case study of avoiding the acid rain in Cambodia
- Lack of translation into English
- Less interactions with local people
- Less sign for legal shops
- Lack of loyalty
- No place for children

***Bagan is a glorious ancient civilization in Myanmar. In order to preserve the ancient pagodas, cooperation from both tourists and local people is indispensable.***
