## SUMMARY

Indecisiveness is the major factor of tragedy. Communication and knowledge could have been the key to save all those lives. There is still room for improvements in advancements of technology.

### Analysis

Their decisions

- Stay in school yard even there is a warning from bus driver
- Evacuate to delta-area
- Evacuation to mountain

Their preparation

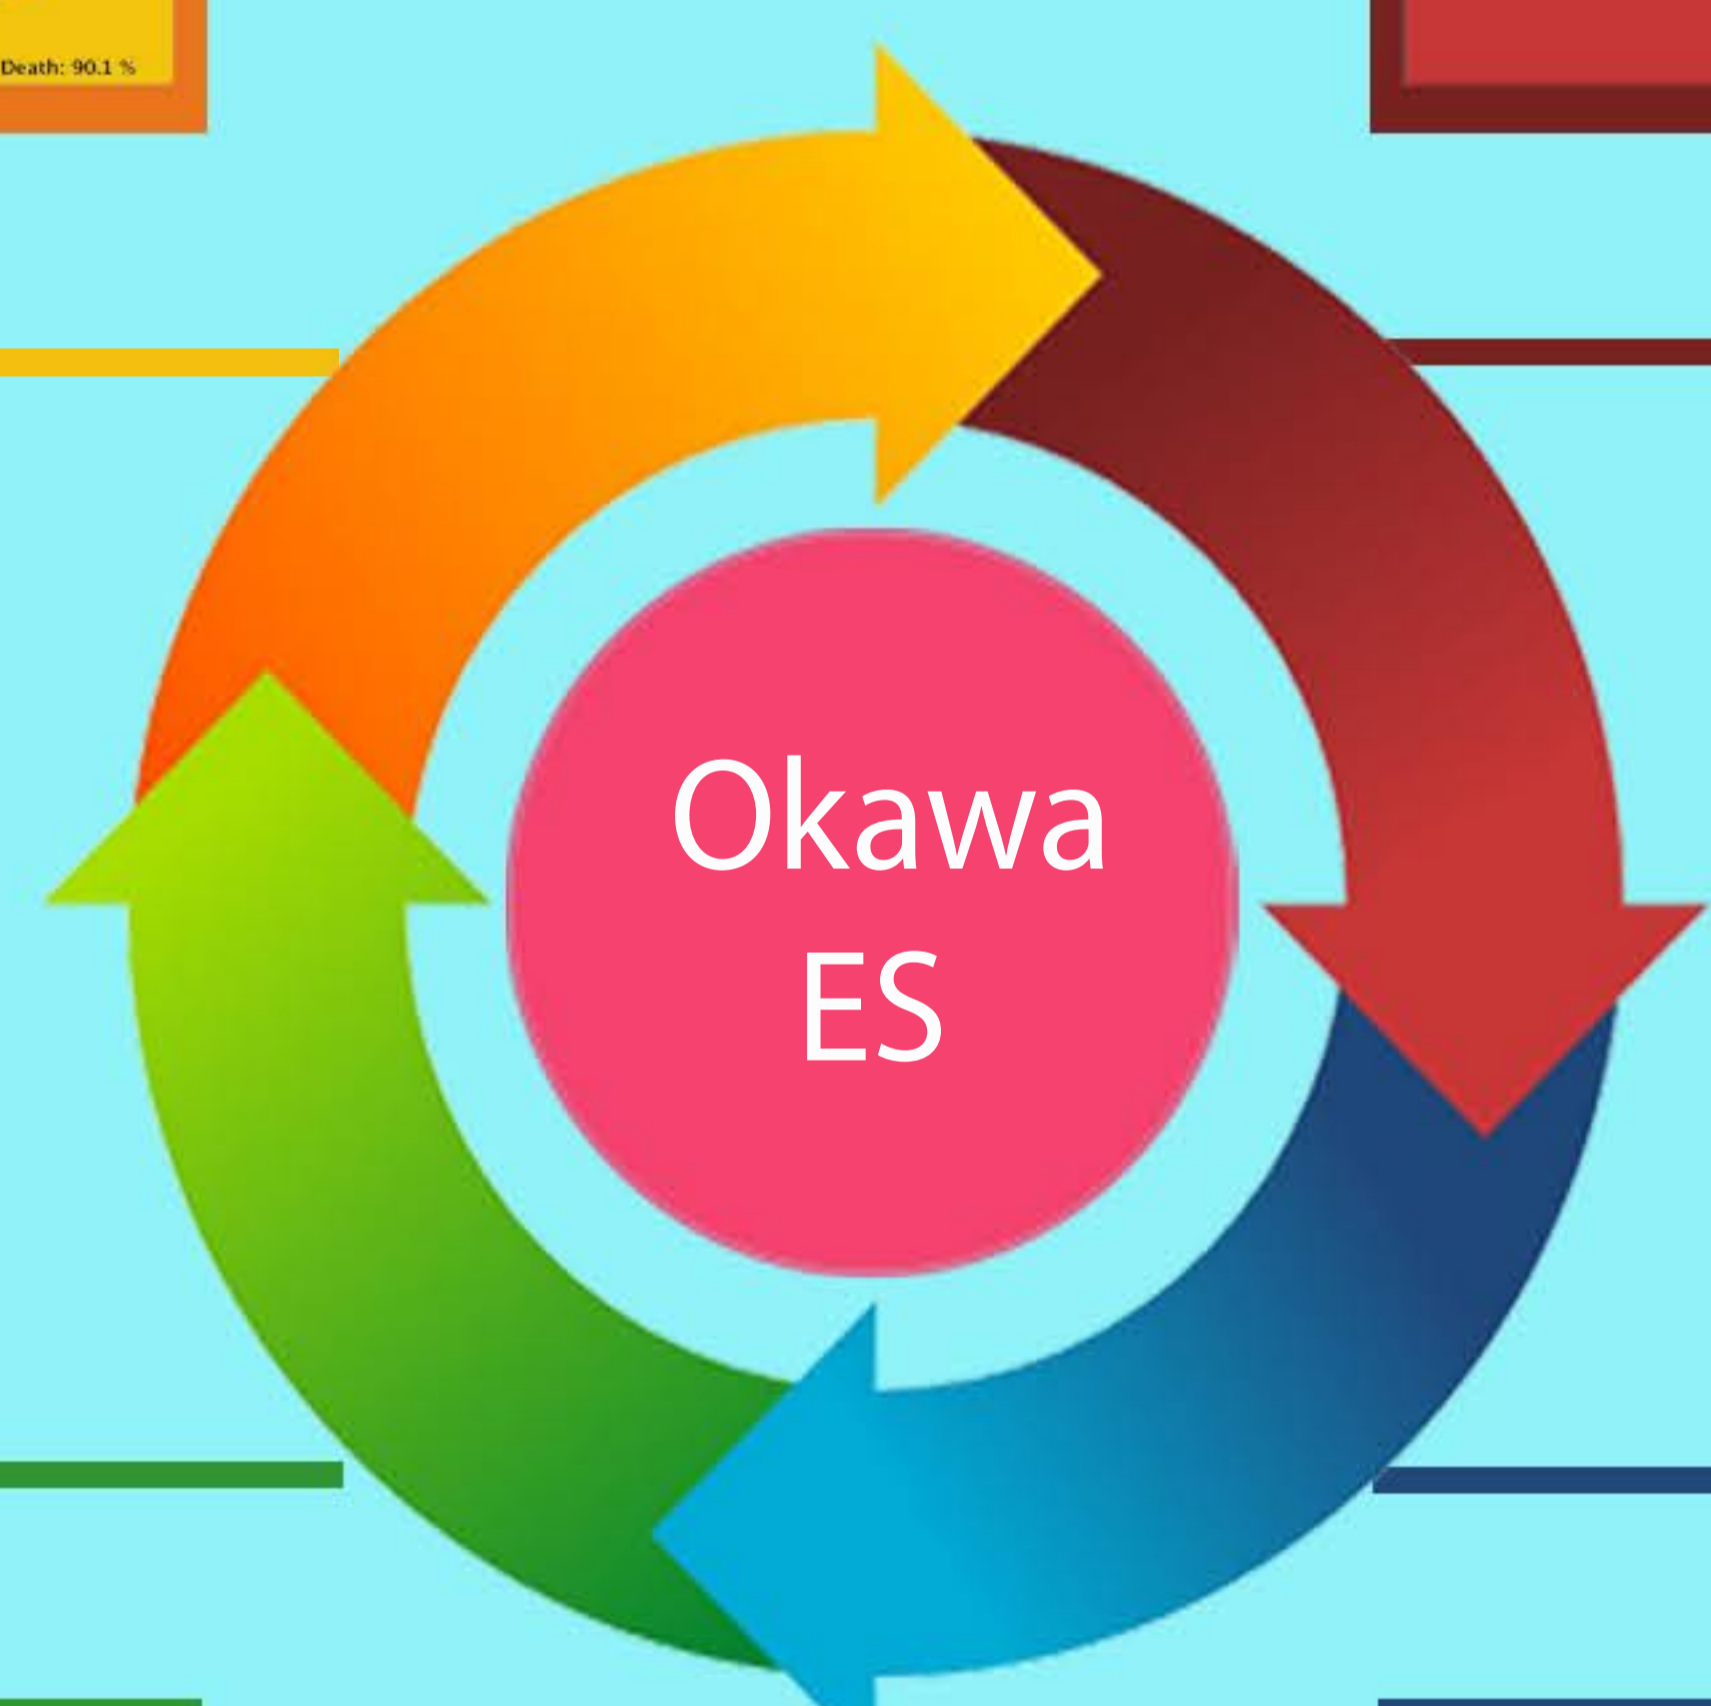

- Did an evacuation drill
- Do not have plan for evacuation

### What people say

- Government has responsible for the death of student
- The decision of teachers was too late and wrong.
- There are many unknown points because too many people dead

### Evaluation

- Evacuation plan by school is not prepare well
- Problem in communication between teachers
- Teachers are lack of knowledge, secure and safe places
- Limitation of technology is unable to predict actual impact of tsunami
